ABOUT NOVELLI

Interiors designed *around your home.*

Novelli creates custom interiors that feel personal, purposeful and resolved. From cabinetry and built-ins to wall panels and connected living, every detail is considered around the way you live: thoughtful design, precise production and coordinated installation, in one experience.

01

Use

We start from how the room is used, then design what it needs.

02

Precision

Proportion, alignment and the way materials meet are part of the design.

03

Personalization

Designed around how you cook, store, work, host and rest.

04

Integration

Cabinetry, light, furniture and technology in one direction.

Kitchens

Made for your everyday.

The way you cook, the things you store and the space around your island all matter. A custom design considers them together, so the cabinetry belongs to your room and your routine.

01 **A fit for your layout**
Planned around the dimensions and proportions of your kitchen.

02 **Storage with a purpose**
What you reach for daily, and what belongs out of sight.

03 **A connected interior**
In conversation with nearby built-ins, panels and living spaces.

02 Open kitchen with a long wood dining table, pendant lights and a glass-fronted wine and display wall

03 White kitchen with an island, a lit glass-front pantry and a sculptural ring pendant

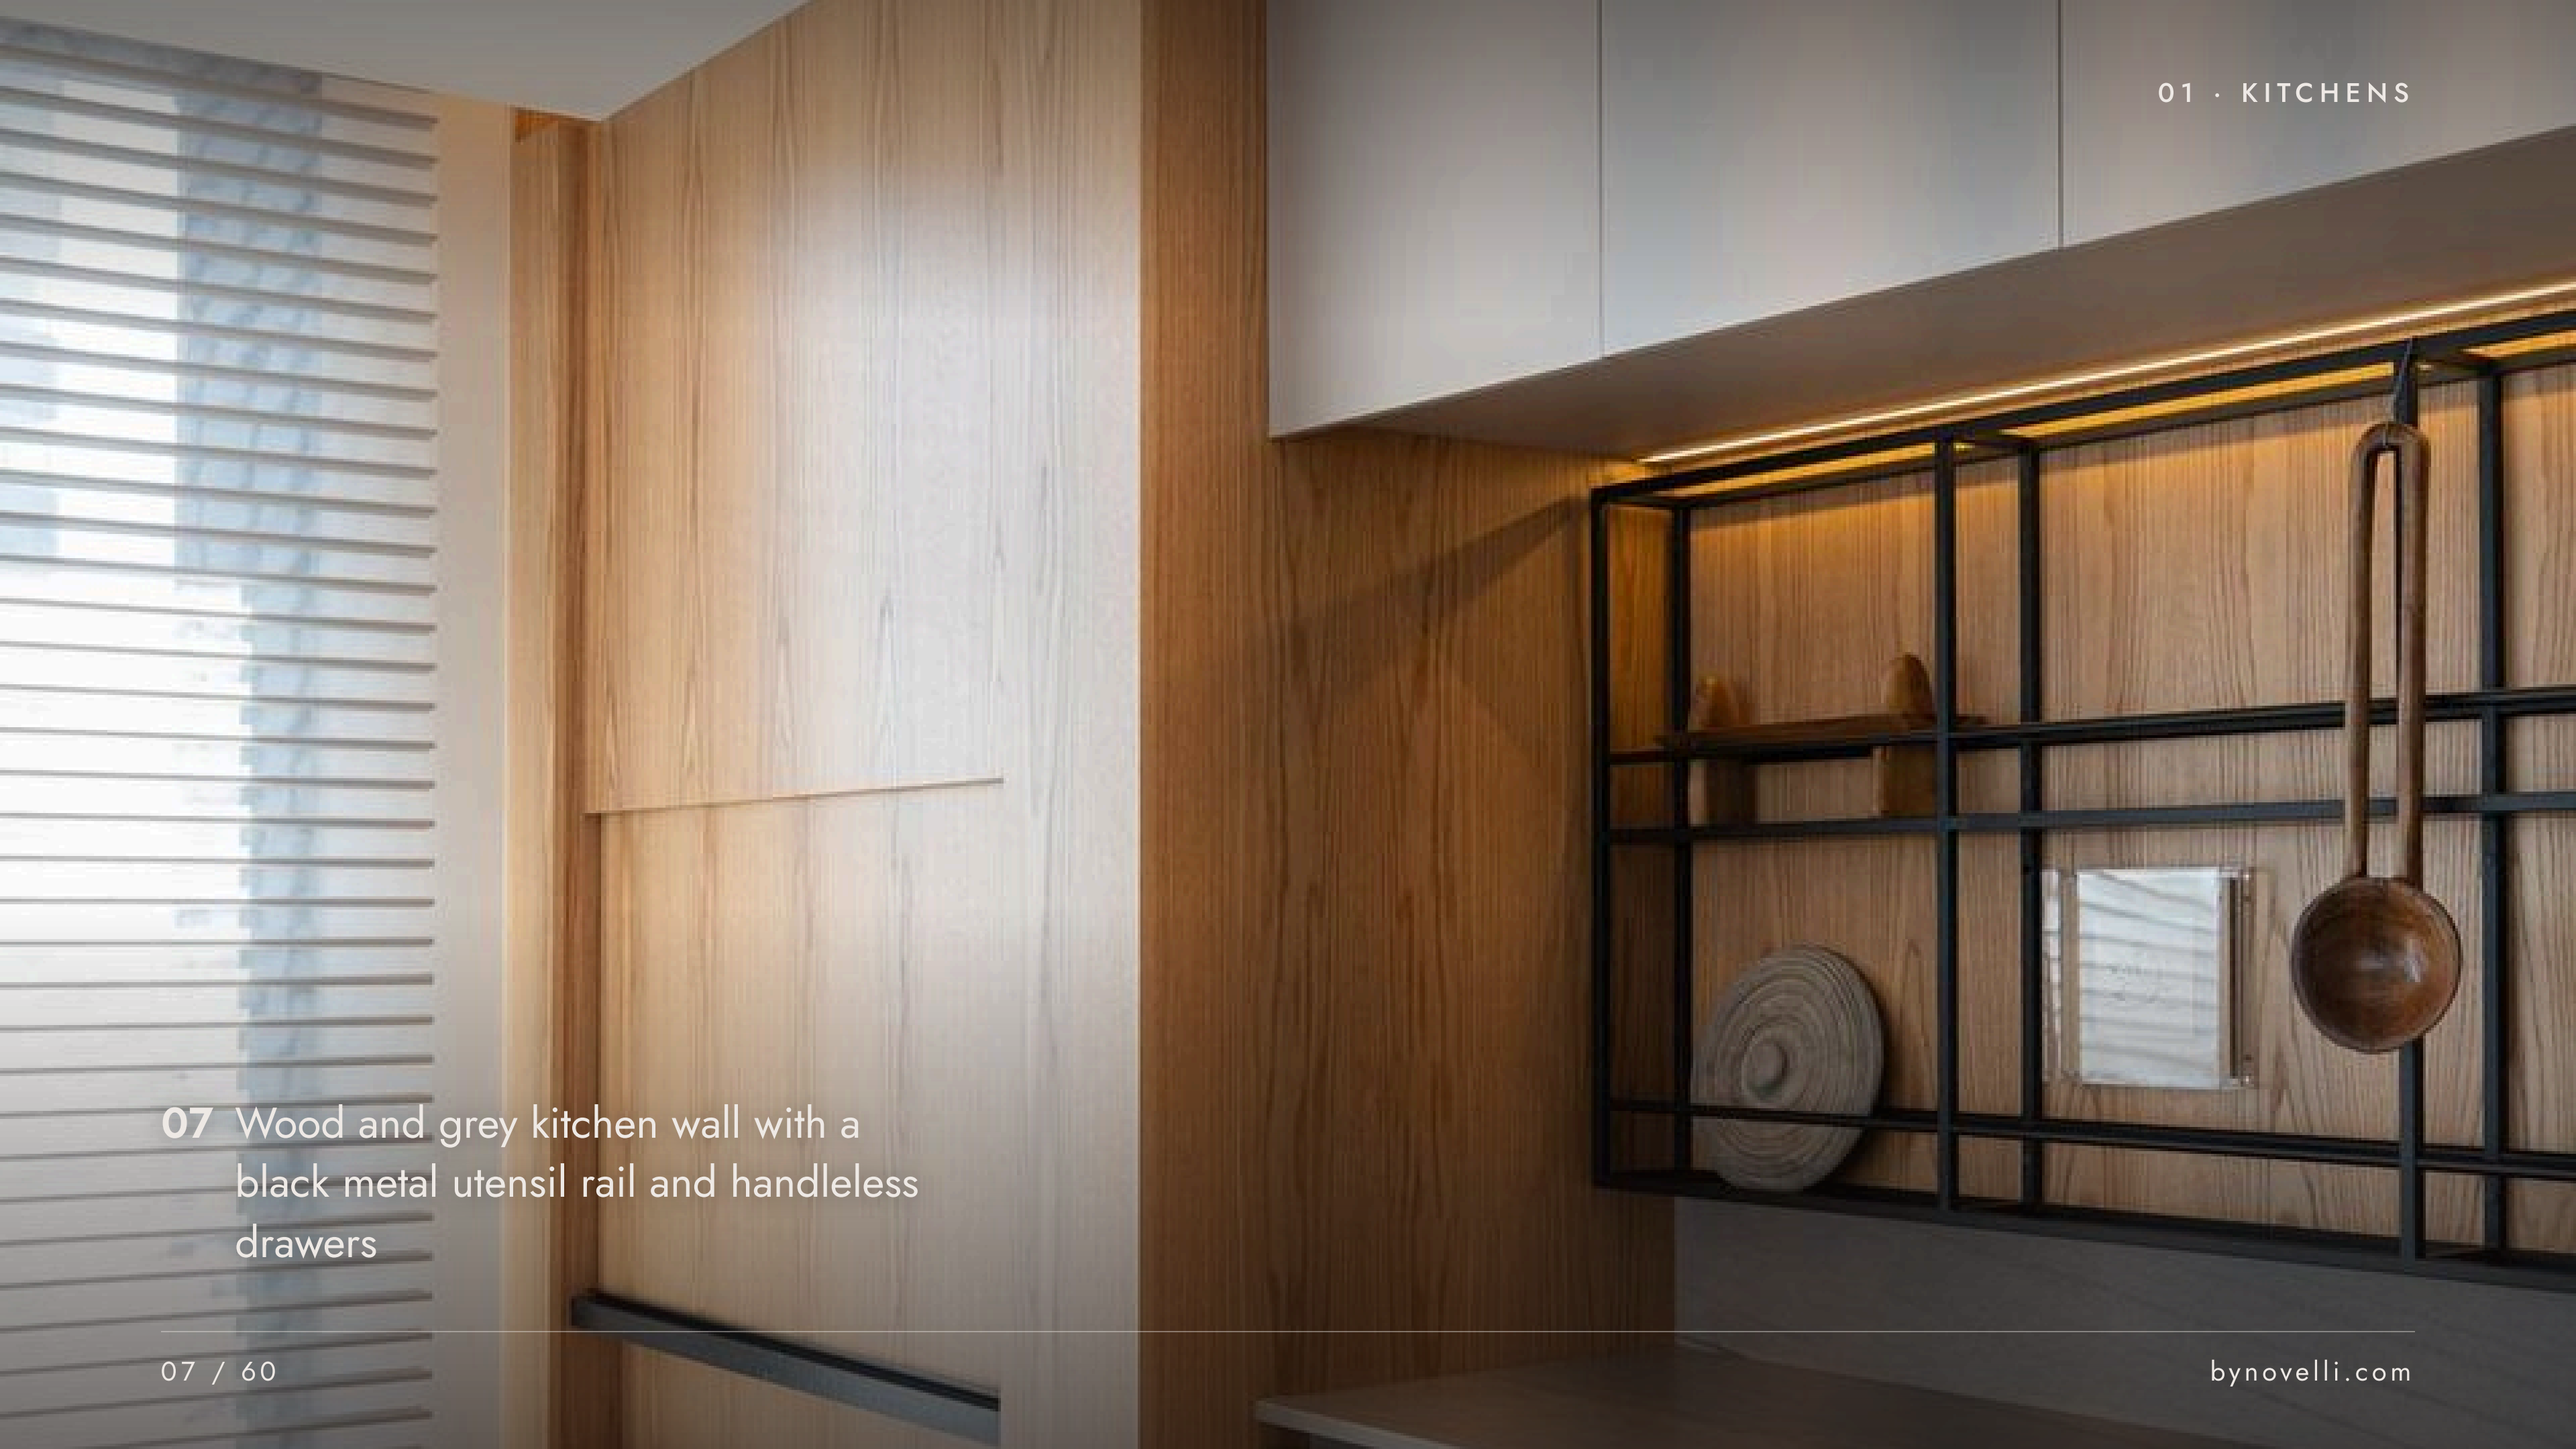

04 Wood and grey kitchen seen from the window side, with a long island and lit black metal shelving

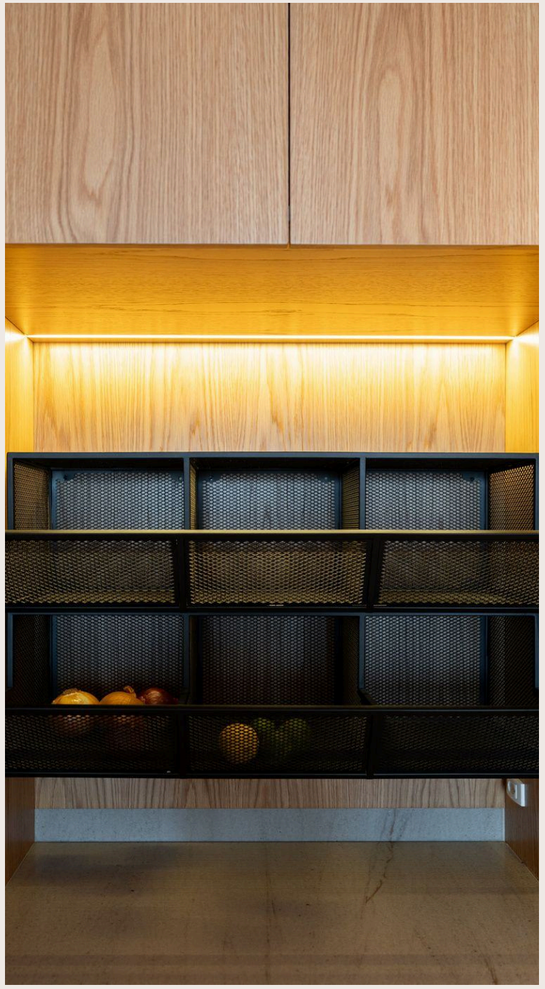

05 Curved green island on a herringbone wood floor

06 Beige kitchen with a fluted backsplash niche

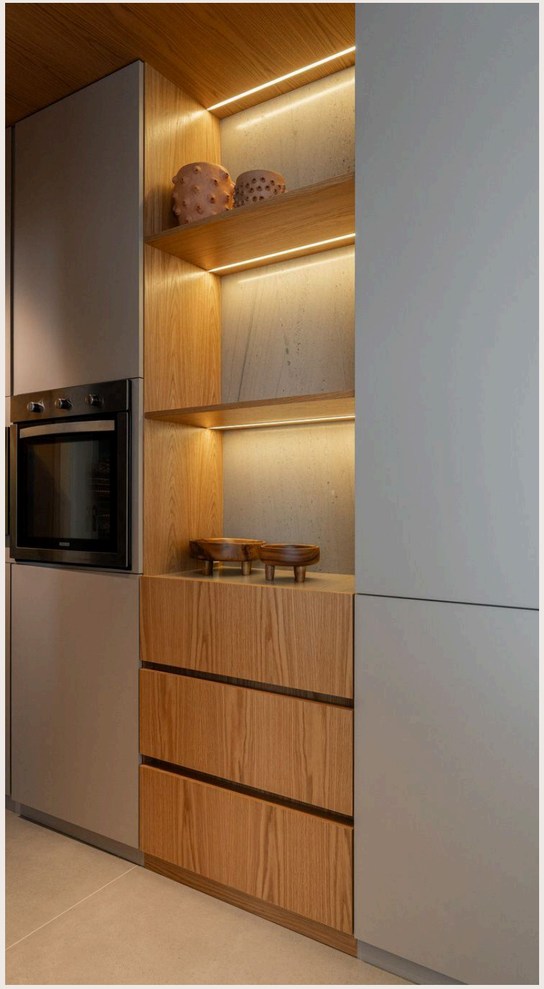

07 Wood and grey kitchen wall with a black metal utensil rail and handleless drawers

08 Lit pantry niche with black mesh fruit baskets

09 Narrow pull-out for a wood cutting board

10 Tall oven column with lit wood shelves

11 Wood and grey kitchen with a long island

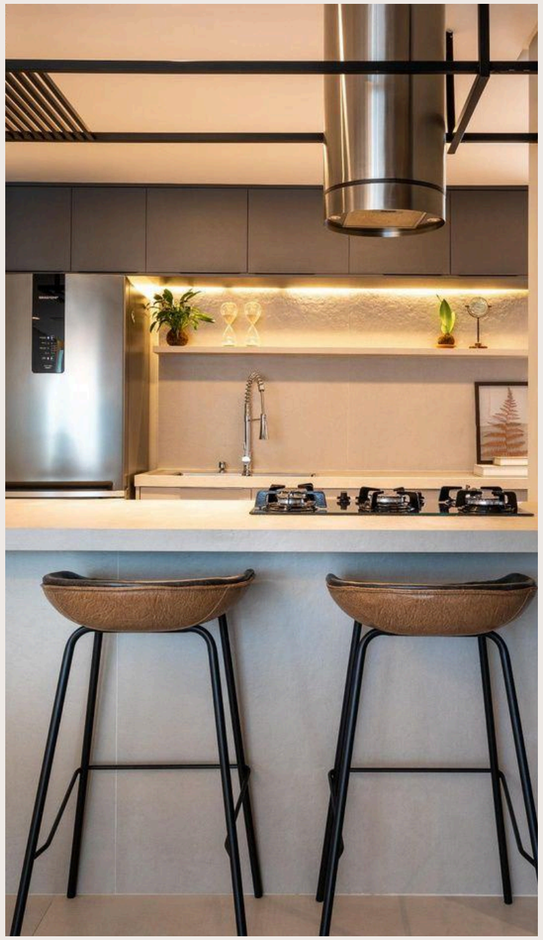

12 Pale kitchen with a long stone island, tall handleless cabinets and a round dining table

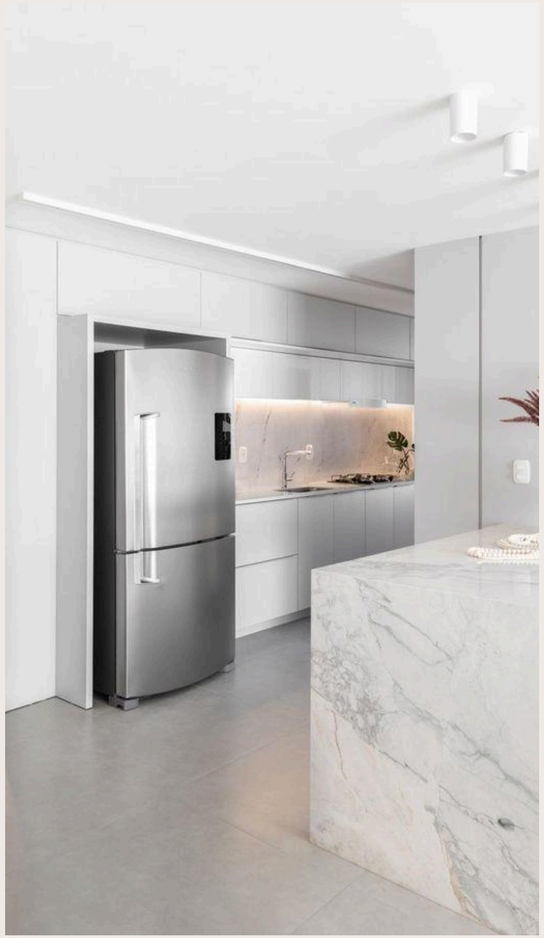

13 Kitchen island with a curved fluted base and a stone top beside an open window

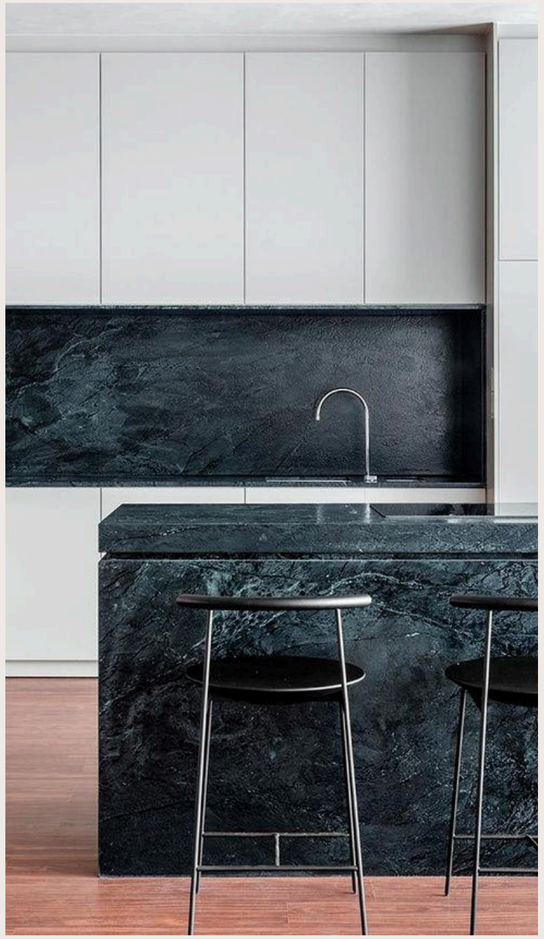

14 White island with lit pulls under wood and metal shelving

15 Compact bar with a stainless hood and leather stools

16 Marble waterfall island and a lit wine niche

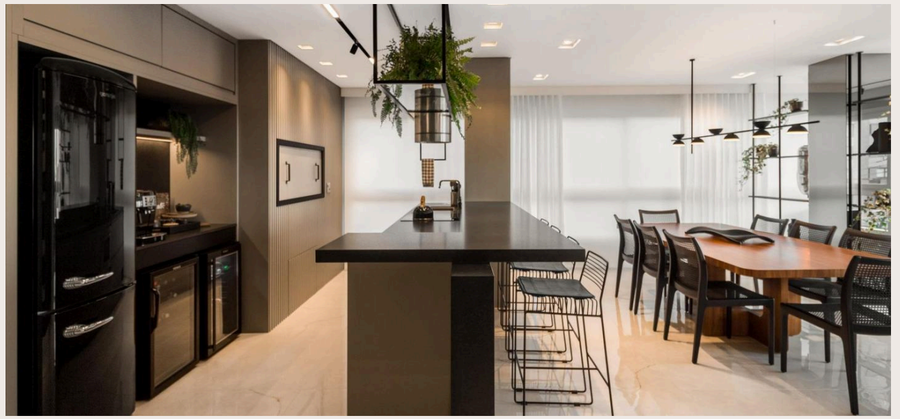

17 Dark green stone island and a walnut wine wall

18 Kitchen with a stone waterfall counter, wood bar stools and black-framed glass wall cabinets

19 Curved wood breakfast counter and storage under the stairs

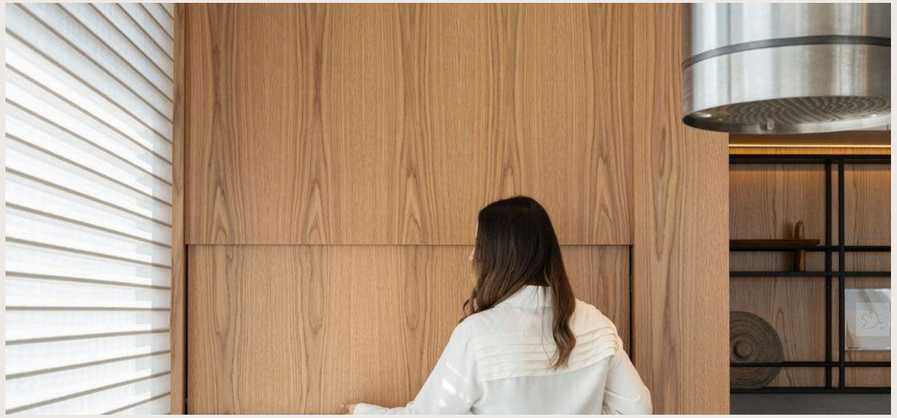

20 Dark island, suspended planter and a long table by the windows

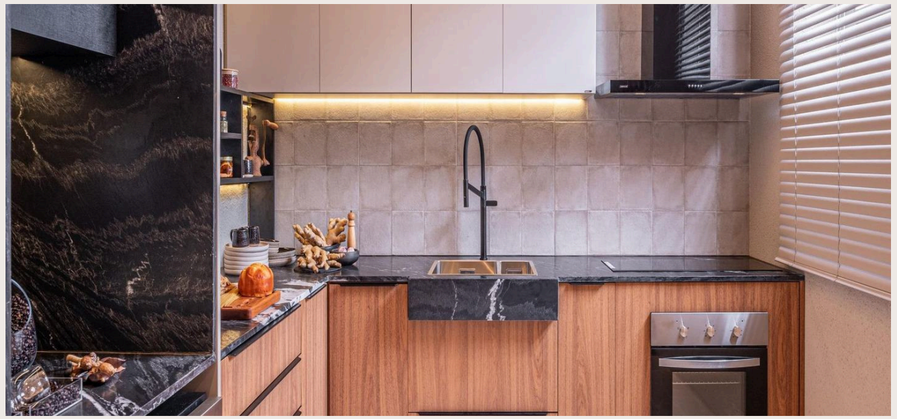

Designed around the way you live.

21 Wood-paneled wall with a cylindrical stainless hood

22 Light wood pantry wall and a cylindrical stainless hood

23 Wood kitchen with a black stone countertop, handmade tiles and a farmhouse sink

24 White kitchen with a cooktop island, grey bar stools and a suspended hood

25 Galley kitchen with shaker cabinets, a herringbone tile backsplash and a built-in banquette

26 Lit black metal shelving above handleless drawers

27 Deep drawer with a fitted wood cutlery organizer

28 Wood cabinet front with a black recessed pull

Living & Built-Ins

A room that comes together.

A living room has more than one job. Custom cabinetry lets you decide what to display, what to put away and how each part relates to the wall and the furniture around it.

01 **Fit the proportions**
Shaped around your wall, your layout and the space you want to keep open.

02 **Balance open and closed**
Room for what you want to see, and for what you store discreetly.

03 **Connect the details**
Coordinated with wall panels and nearby cabinetry.

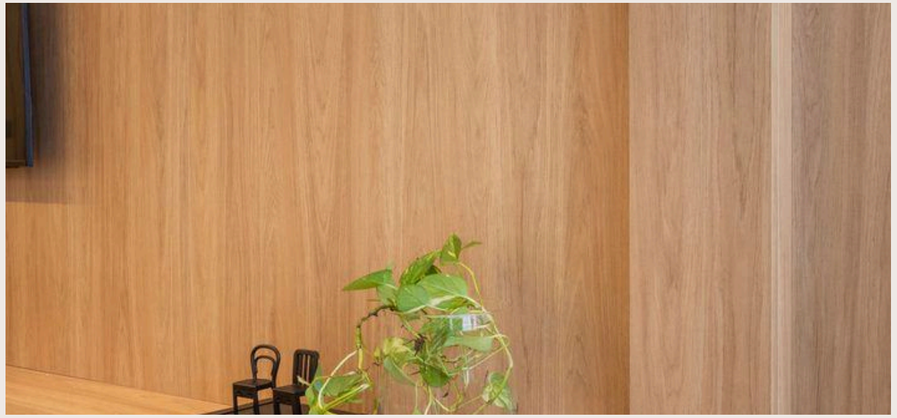

30 Open living and dining room with a grey media wall, a lit glass-front bar cabinet and a stone fireplace

31 Living room with a slatted walnut media wall, a sculpted stone column and leather lounge chairs

32 Travertine-clad living room with a slatted wood ceiling and a green cane console

33 Wood-paneled wall with a lit reveal and a cane-front console

34 Fluted white media console under a wall-mounted TV

35 Living room with a plaster media wall framed by fluted wood and curved seating

36 Full-height wood paneling, a stone fireplace and a fluted sideboard

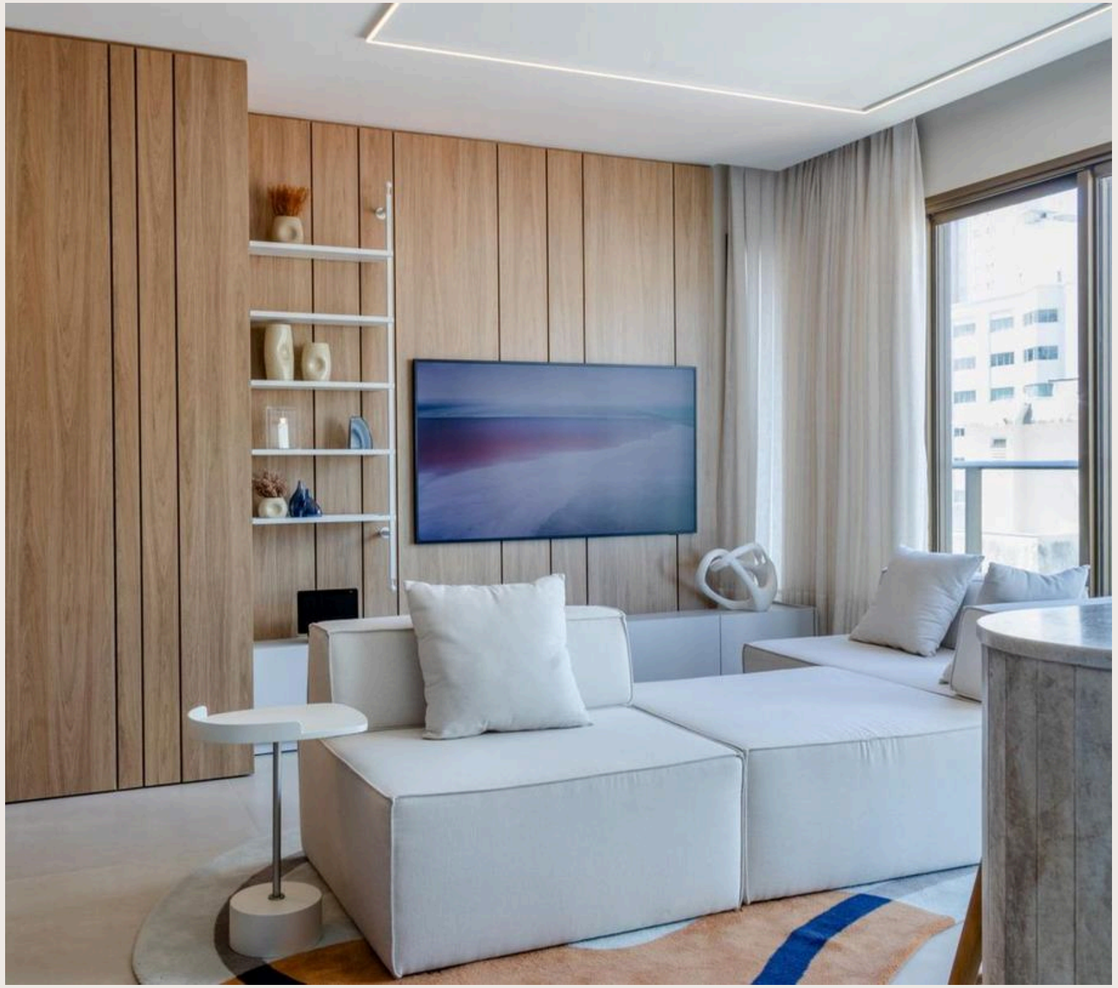

37 Light wood shelving around the TV and a stone ledge

Drawn for your room.

38 Living room media wall in travertine with a green and cane console and a wood ceiling

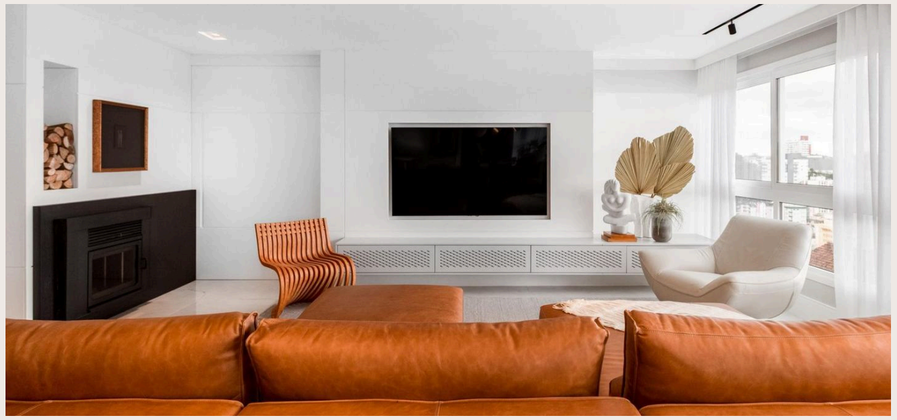

39 Living room with full-height wood paneling around a media wall and open shelving

40 Dining and living room with wood paneling, a lit display cabinet and a stone media wall

41 White media wall with a lit slatted soffit and a fireplace

42 Recessed media wall and a log niche by the fireplace

Open where you want it. Closed where you need it.

SPACES · 03 / 08 · 8 IDEAS

Closets

Room for your routine.

A useful closet begins with your belongings and the room available: the balance of hanging space, shelving and drawers, and the way you move through your morning.

01 **A layout for your wardrobe**
Your belongings guide the balance of open and enclosed storage.

02 **A considered use of space**
Adapted to the room and to the access you need every day.

03 **Part of your home**
Connected to the bedroom cabinetry and the character of the interior.

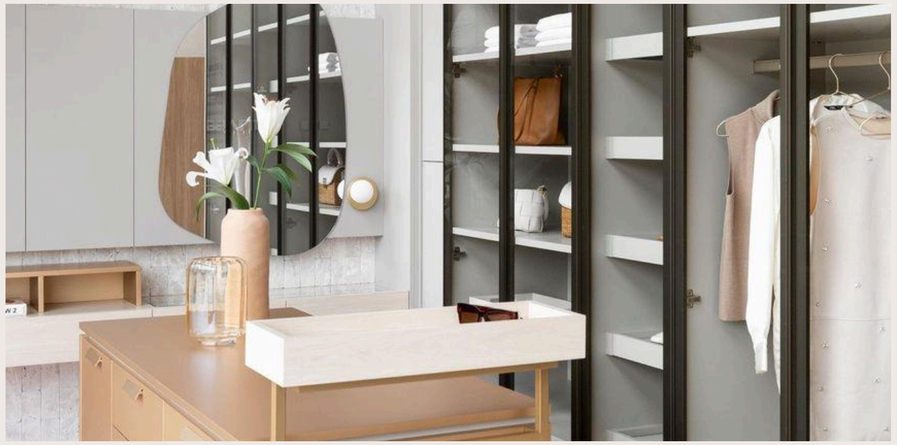

44 Dressing area with a round mirror vanity, a white island and smoked glass wardrobes

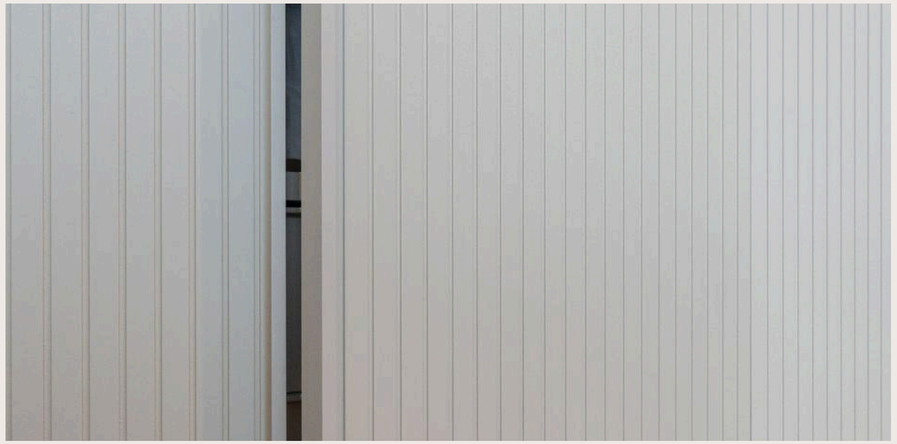

45 Walk-in closet with dark open wardrobes, a glass-top island and a lit mirror

46 Bedroom wardrobe with cane-panel doors beside botanical wallpaper

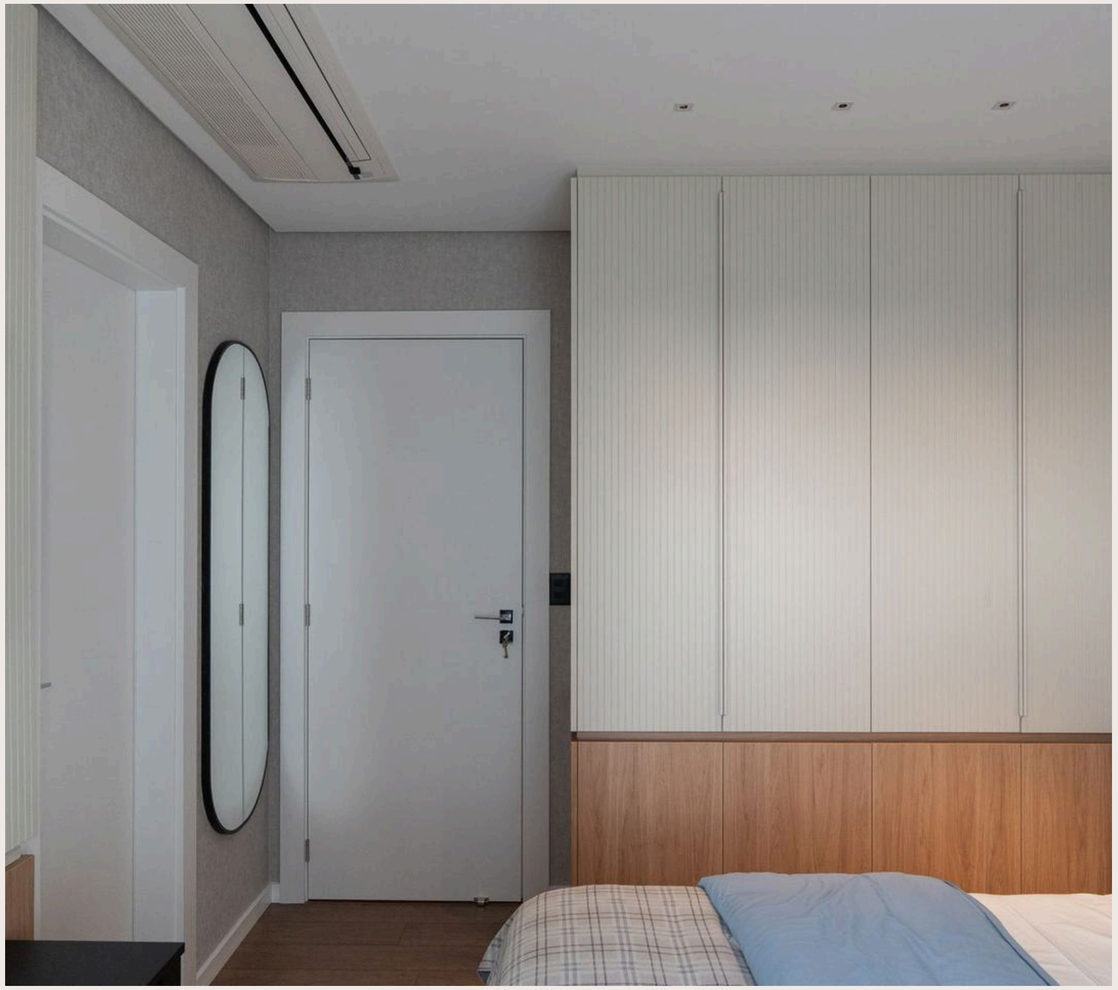

47 Glass wardrobe doors, open shelving and a central island

48 Fluted white wardrobe door meeting a wood base

49 Dressing room with lit glass-front wardrobes and a central chest of drawers

50 Bedroom with a fluted white wardrobe above a wood base

SPACES · 04 / 08 · 3 IDEAS

Home Offices

Space to settle in.

Start with the space you need to sit, store and move, in a dedicated room or a corner. Custom cabinetry brings those needs into one composition.

01 **Work with your room**
Wall space, natural light and circulation.

02 **Organize the everyday**
Documents, books and essentials, placed by how often you use them.

03 **Keep home in the picture**
A workspace that belongs with the rest of your home.

52 Bedroom with a black slatted wall and a built-in desk with an oval mirror beyond

53 Bedroom with a long built-in desk and wall shelves

Planned around how you work.

Wall space, light and circulation first. Then a place for everything you use.

SPACES · 05 / 08 · 5 IDEAS

Bars & Wine

Make room to gather.

A bar can become part of a living room, a dining area or a dedicated place to gather. Start with what you serve, what you store and how the cabinetry relates to the room.

01 **Fit the setting**
Shaped around the space and its connection to seating and dining.

02 **Give essentials a place**
Glassware, bottles and serving pieces, stored and displayed.

03 **Connect the composition**
Coordinated with nearby built-ins and panels.

55 Walnut wine wall with lit shelves, glassware and bottle racks

56 Walnut bar wall with twin wine coolers, floating shelves and a dark countertop

57 Stone-clad bar counter with wood stools, open shelving and a wine cooler

58 Backlit wine display set into a wood wall

Designed to feel like yours.

Serving space, glassware and display, composed as part of the room.

SPACES · 06 / 08 · 11 IDEAS

Bathrooms

A calmer daily routine.

Bathroom cabinetry has to work with the space around it: where everyday things belong, how much storage you need and how the composition relates to the room.

01 **A fit for your space**
Proportions planned around the layout and the room you need to move.

02 **Storage for your routine**
A considered balance of drawers and cabinets.

03 **A consistent interior**
The same language as the other rooms of your home.

60 Bathroom with a wood-paneled wall and a sculpted stone basin

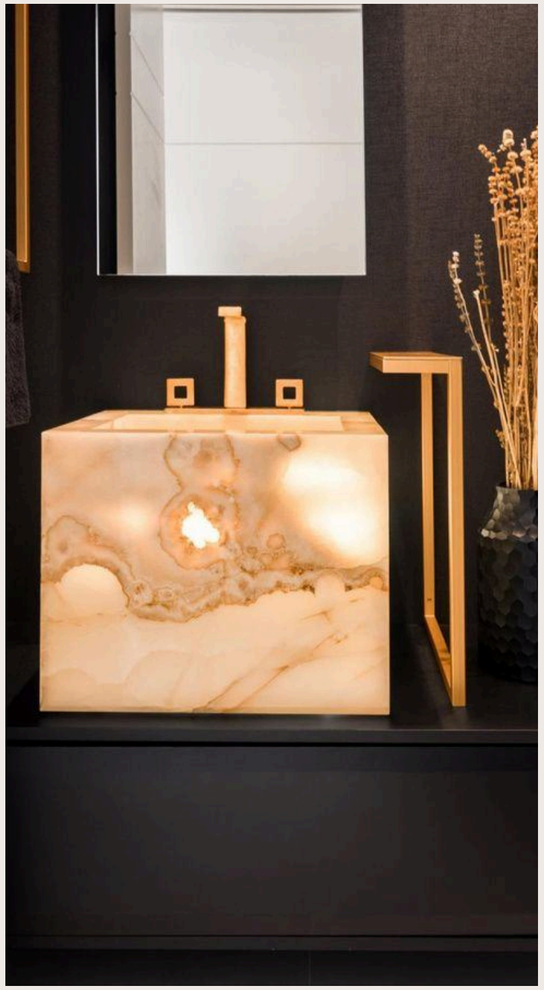

61 Black veined stone sink under a backlit mirror

62 Black stone vanity with a leather-framed oval mirror

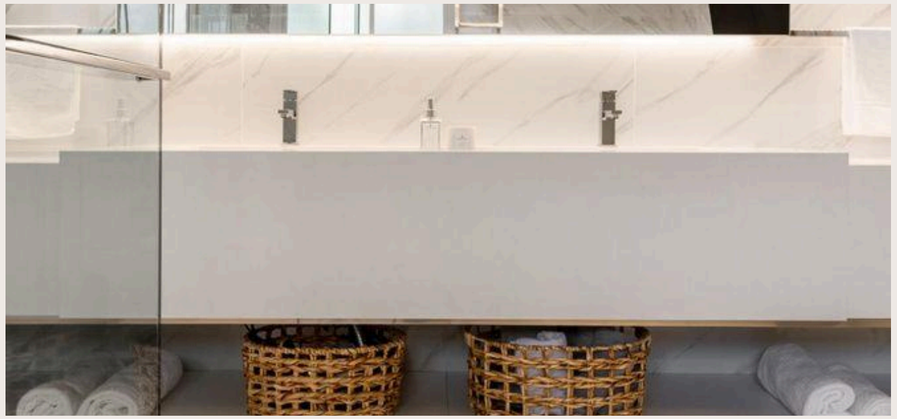

63 Dark powder room with a mirror wall and dried flowers

64 Backlit onyx sink cube with a brass faucet

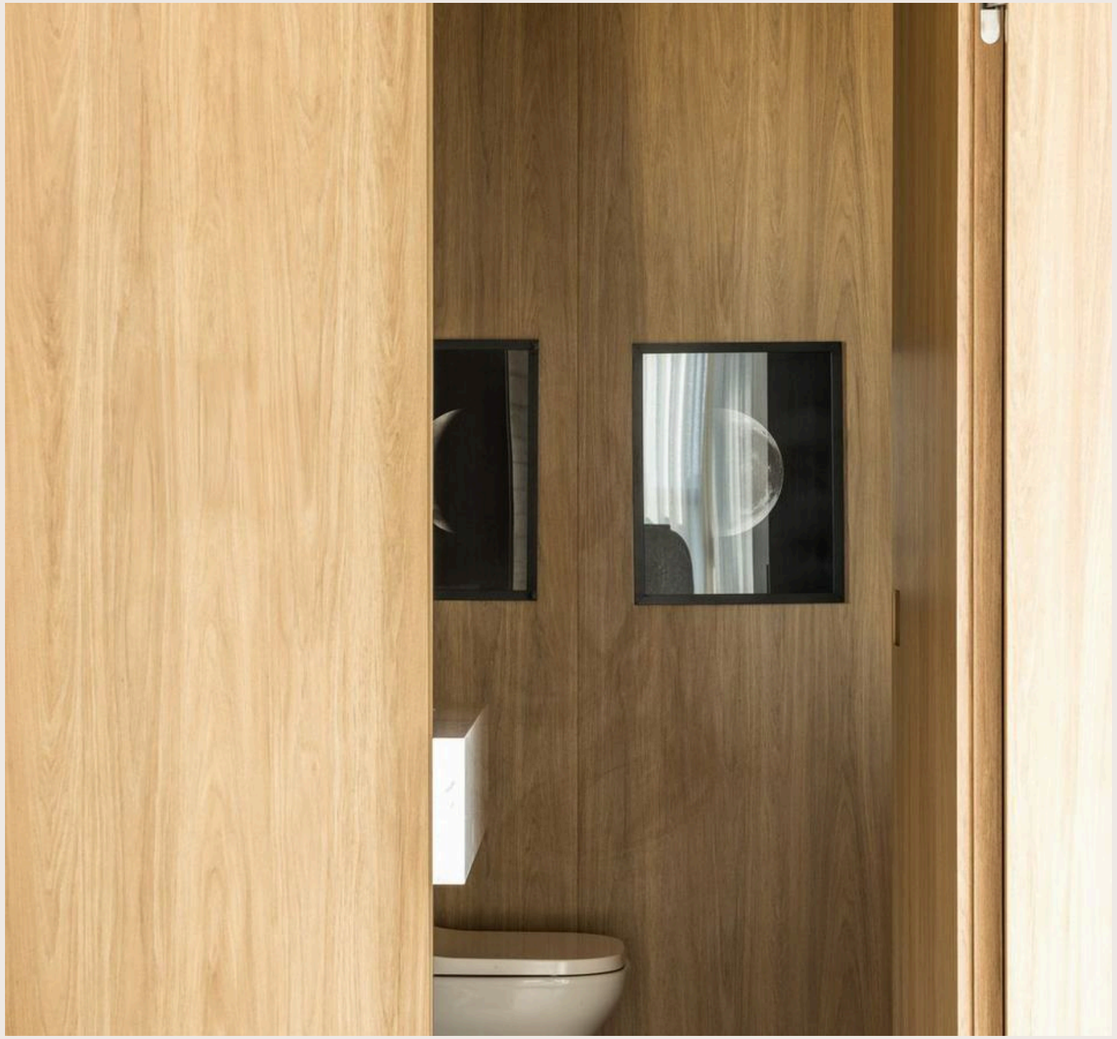

65 Marble vanity with a brass-framed towel shelf

66 Double vanity, long mirror cabinet and woven baskets

67 Bathroom with a sage green vanity, a vessel sink and mirrored cabinets

68 Wood-lined powder room behind a full-height wood door

69 Wood-lined wall with a carved stone basin

Materials selected for how they look, feel and age.

Wood, stone, metal and glass with honest texture.
Satin and brushed over mirror-polished.

Architectural Panels

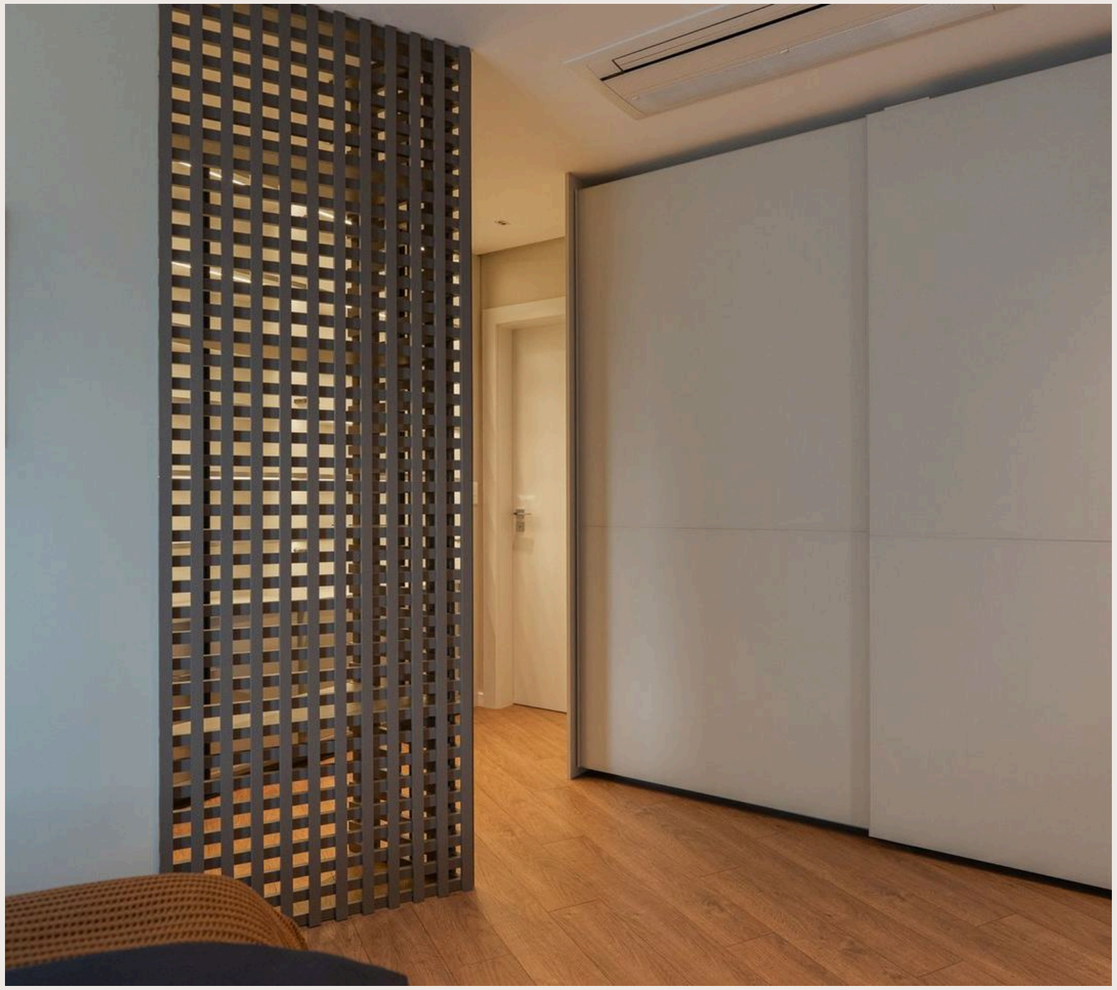

Bring the room together.

Wall panels can give a focal wall more presence or connect different parts of an interior. Start with the proportions of the room, the furniture around it and the atmosphere you want.

01 **Proportion comes first**
Wall dimensions and openings set the composition.

02 **Connect with cabinetry**
Planned with media cabinetry and built-ins for a continuous interior.

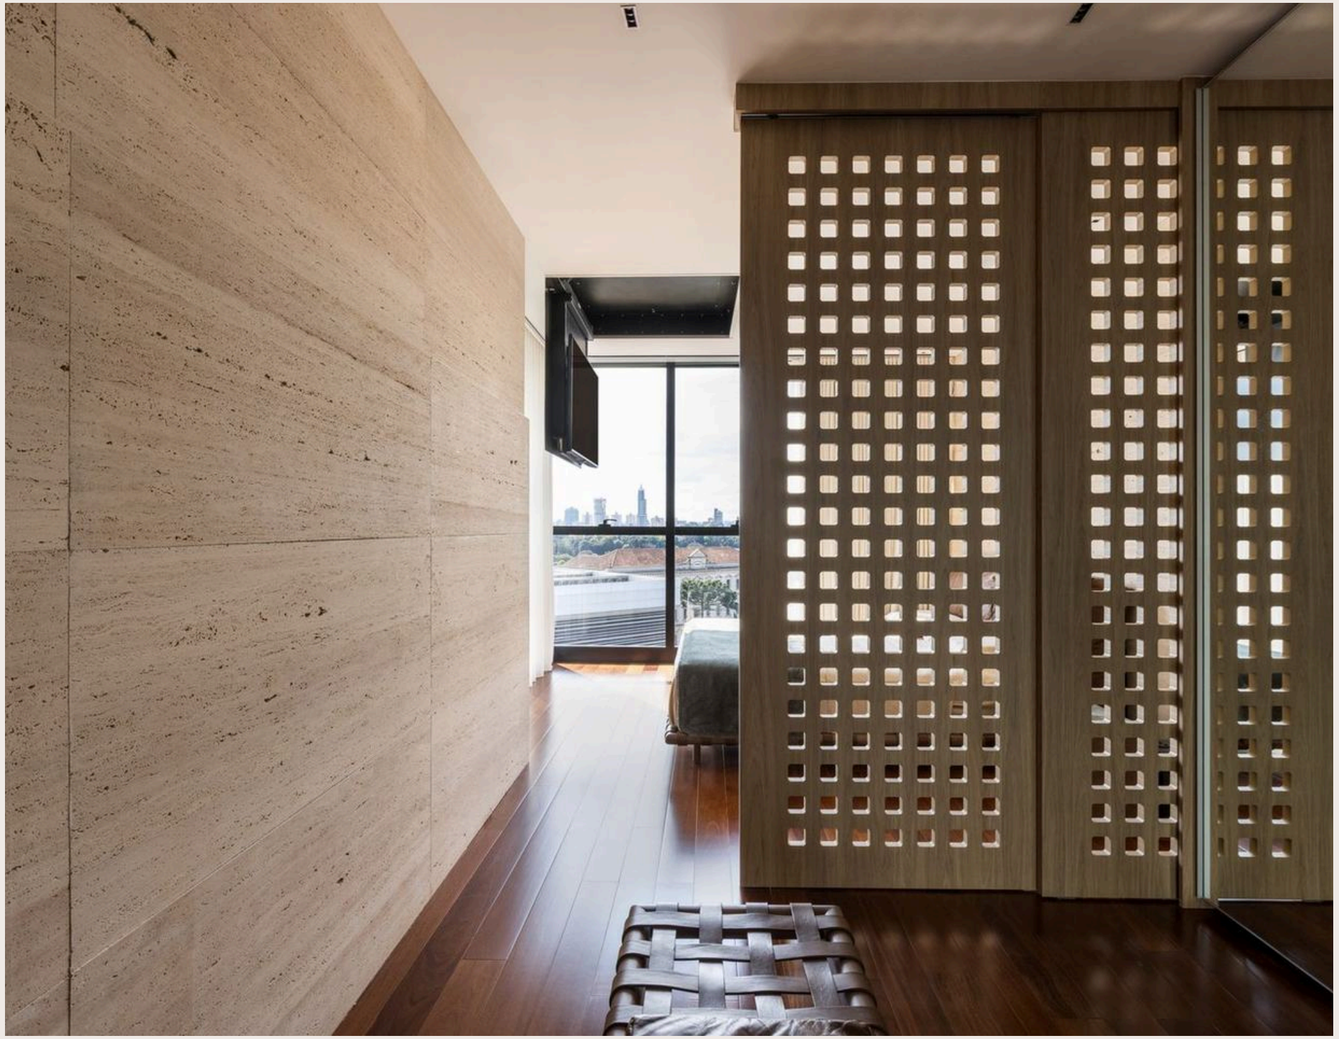

03 **Express your style**
From a quiet backdrop to a feature wall.

71 Bedroom divided by a dark wood lattice screen beside a sliding wardrobe

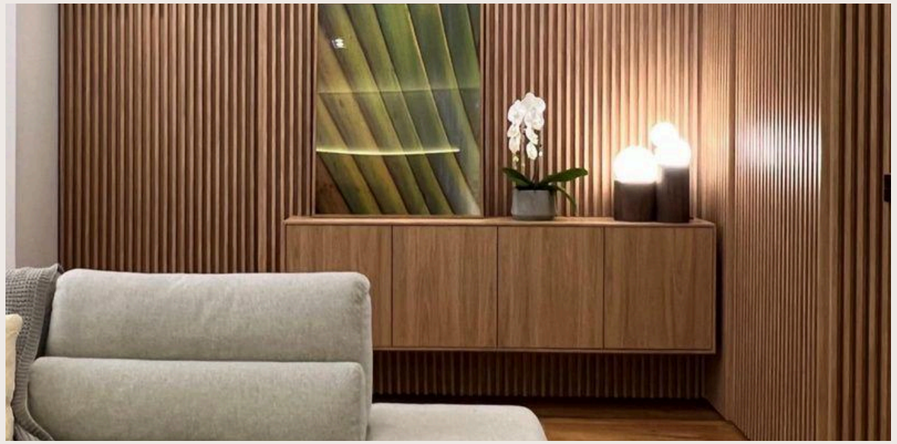

72 Bedroom behind sliding perforated wood screens, with a travertine wall and a mirrored wardrobe

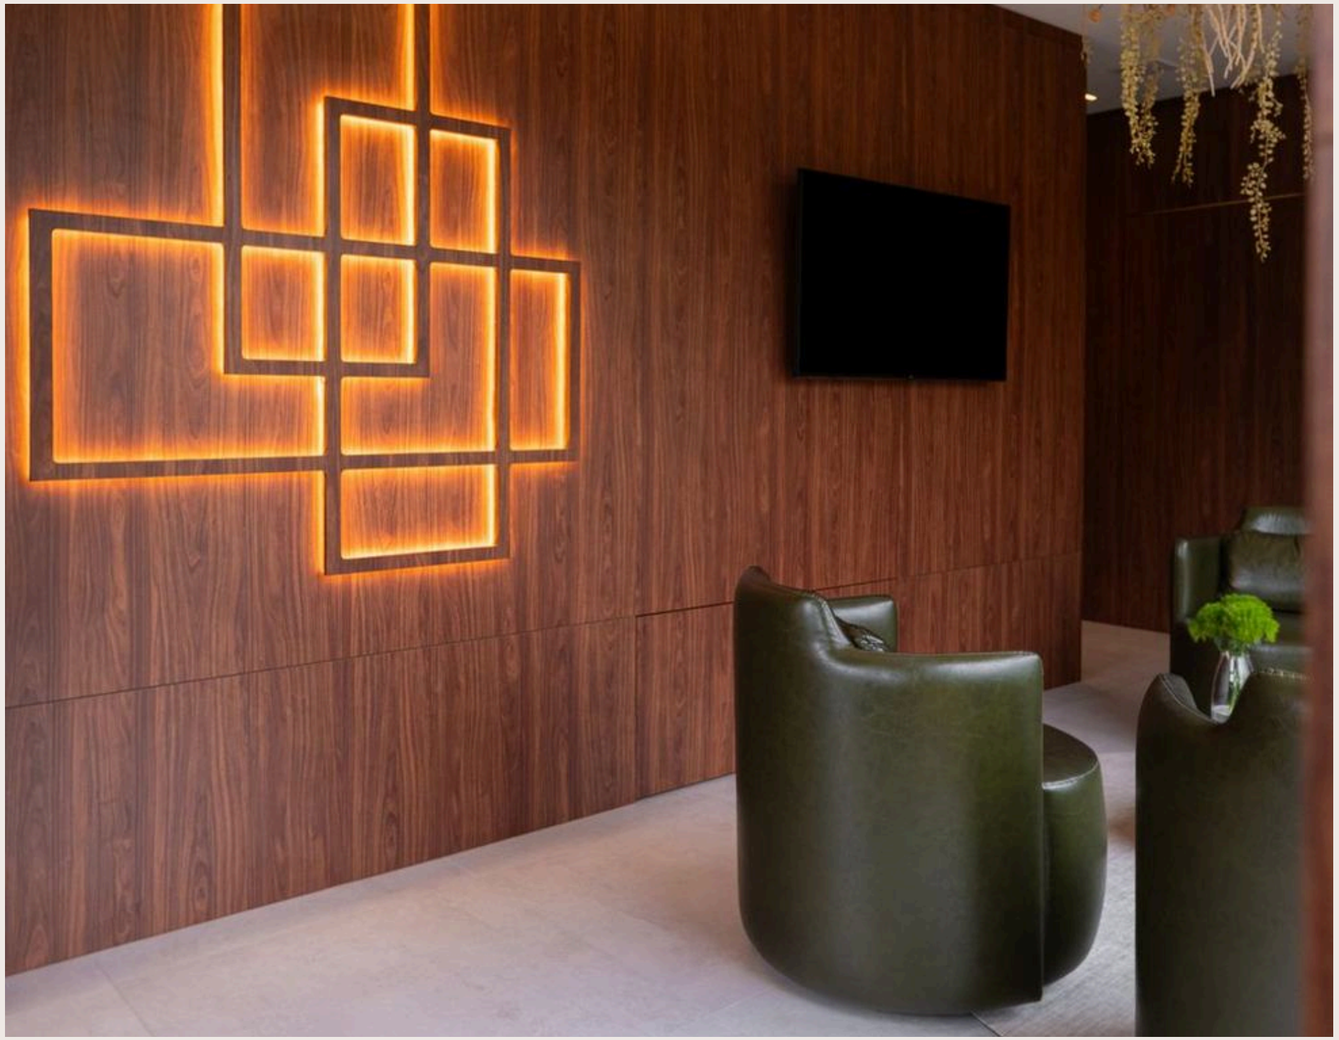

73 Travertine wall and perforated wood screen doors along a bedroom corridor

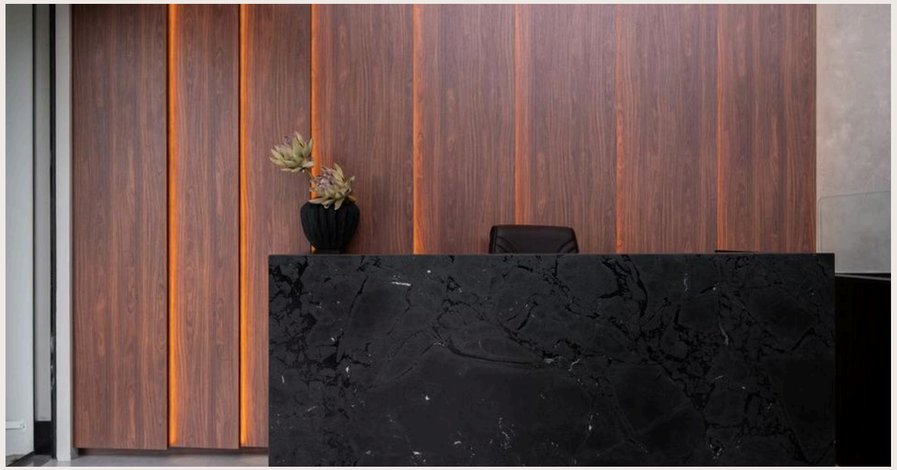

74 Perforated wood screen doors and a mirrored wardrobe

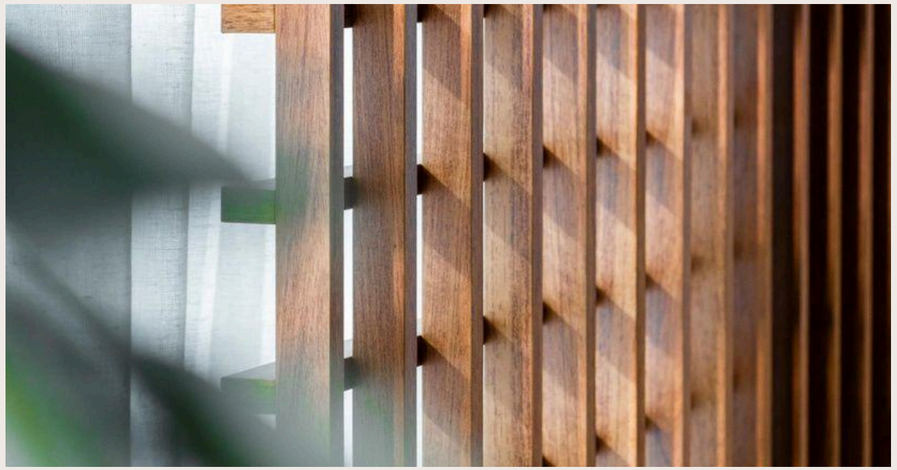

75 Living room wrapped in slatted walnut panels

76 Lounge with walnut panels and backlit geometric inlays

77 Walnut panels with vertical light reveals

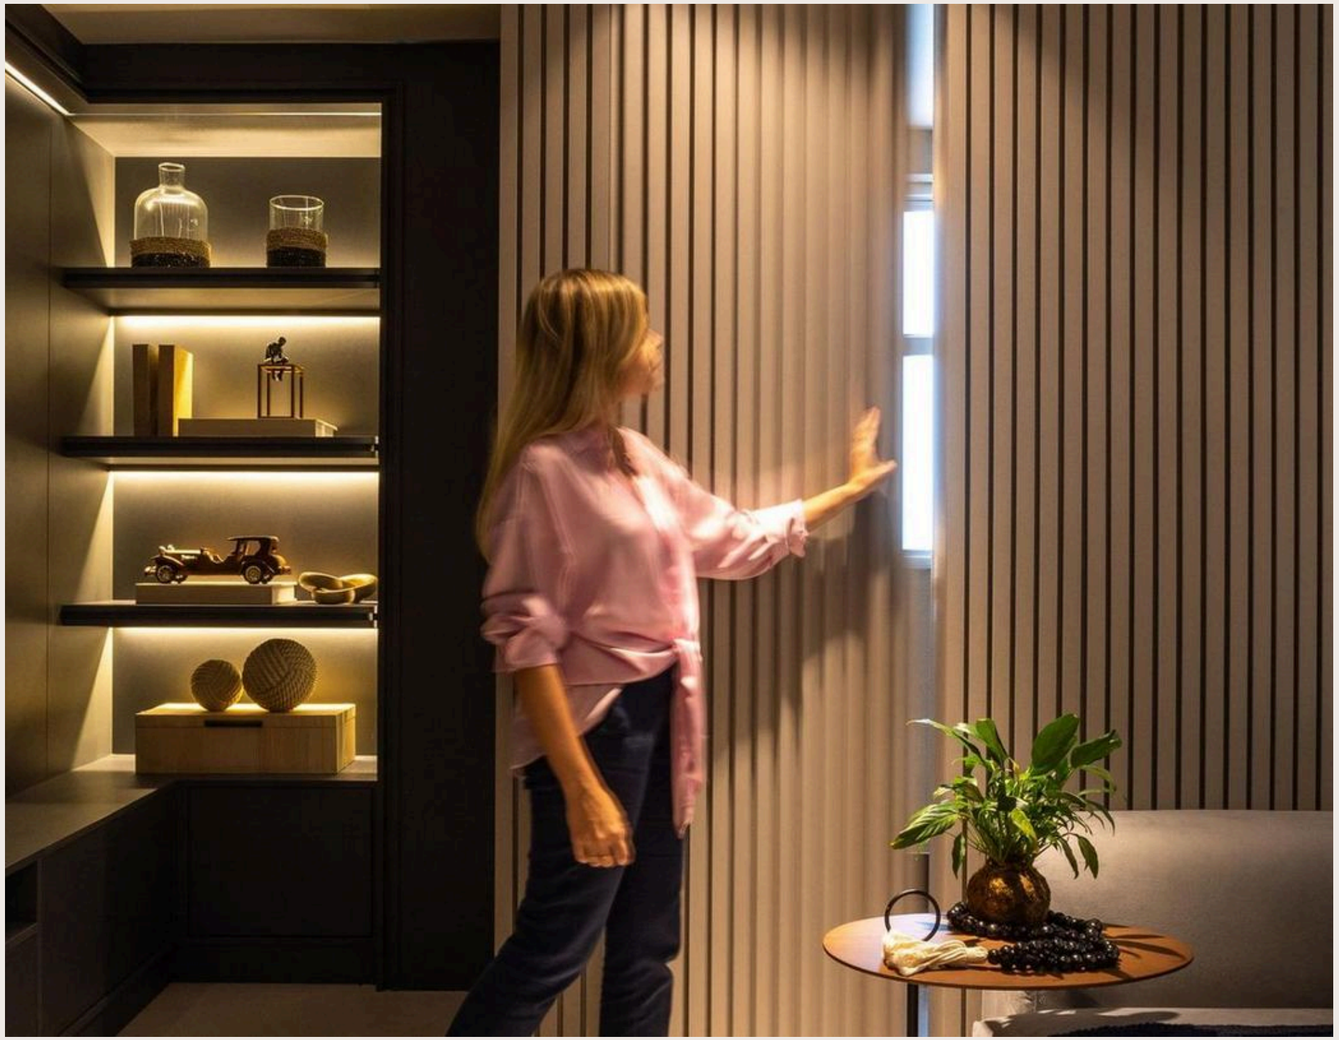

78 Close view of a wood lattice screen

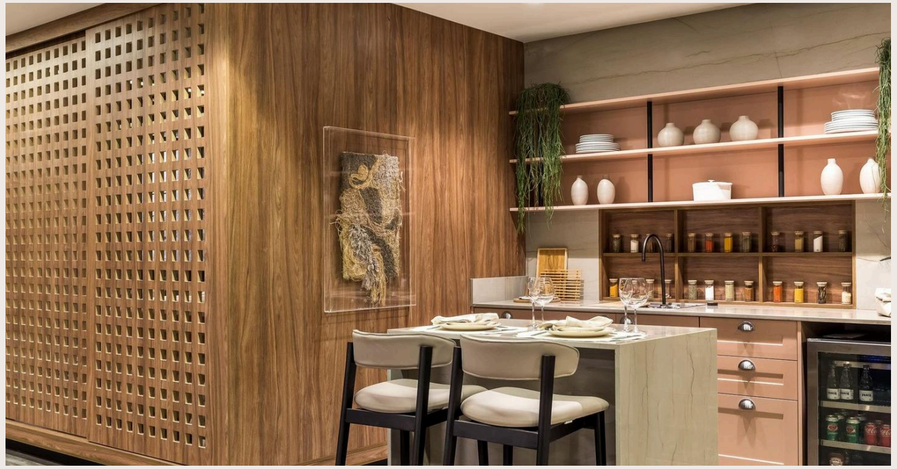

79 Dining area beside a wood lattice screen, with a walk-in wine room beyond

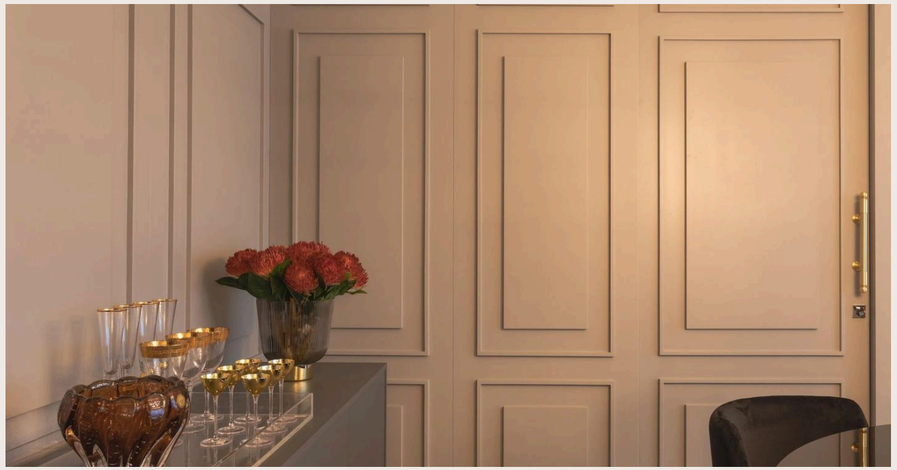

80 Living room beside a geometric wood screen and a textured stone wall

81 Slatted wood wall panel beside a lit shelving niche in a dark living room

82 Perforated wood panels beside a kitchen bar

83 Molded wall panels with a concealed door

Custom millwork, considered from proportion to installation.

84 Media wall with a perforated wood panel and a low sideboard

85 Perforated wood panel seen up close behind a leaf

Complete Interiors

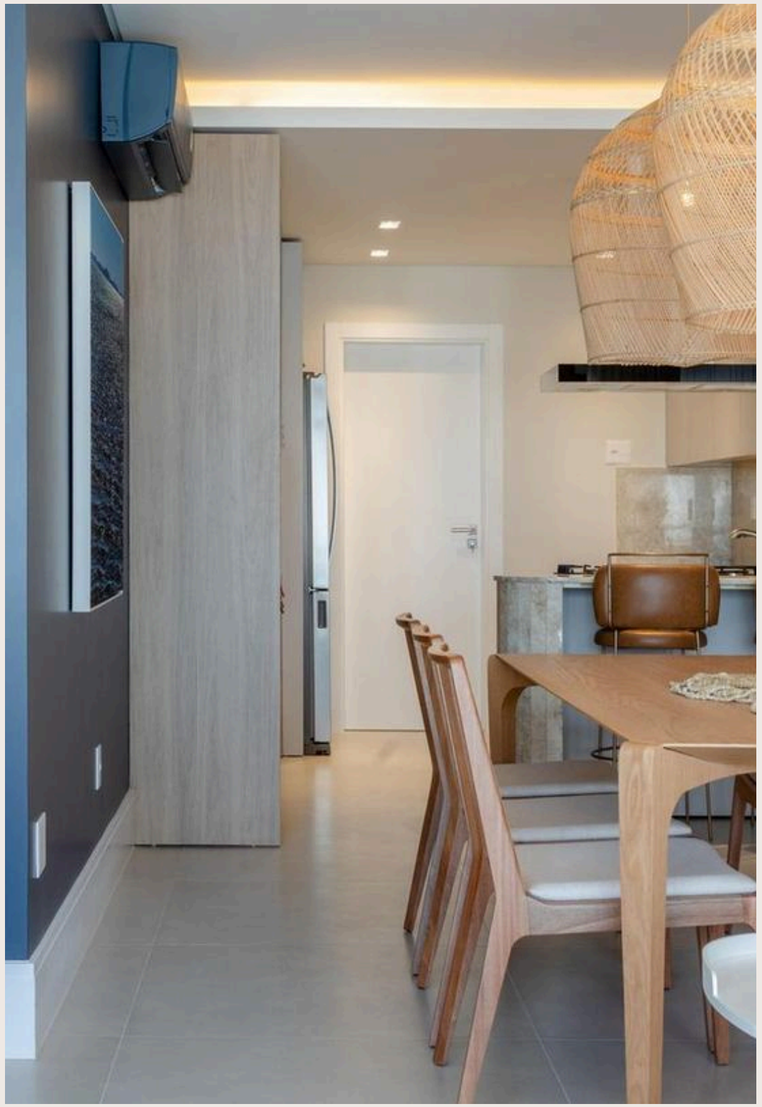

The whole room, considered.

Custom cabinetry sets the structure of a room. Light, furniture, textiles and technology complete it. Novelli connects you with trusted partner suppliers, so every layer follows the same design.

01 **Start with the plan**
Your cabinetry layout defines storage, display and movement.

02 **Add the right partners**
Trusted suppliers for what your project needs, from one fixture to a whole room.

03 **Keep it aligned**
Your Novelli designer keeps each choice connected to the design.

INTEGRATED LIVING

From the first sketch to the finishing touch.

Choose only what your project needs.

Lighting

Pendants, integrated cabinet lighting and fixtures planned around how you cook, work and relax.

Furniture

Tables, seating and pieces that sit naturally beside your built-ins and share their materials.

Home automation

Controls for lighting, shades and comfort, planned into the cabinetry instead of added later.

Window treatments

Curtains and shades that soften the room, manage light and complete the composition.

Wallpaper

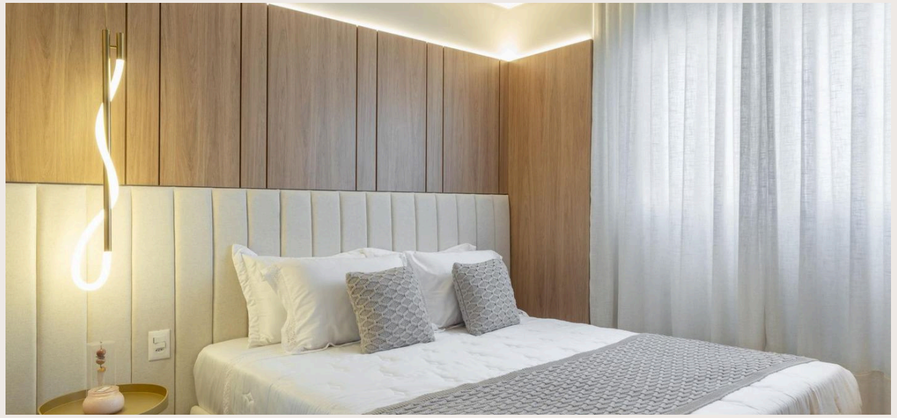

Wall coverings that add texture and character next to panels and cabinetry.

Finishing touches

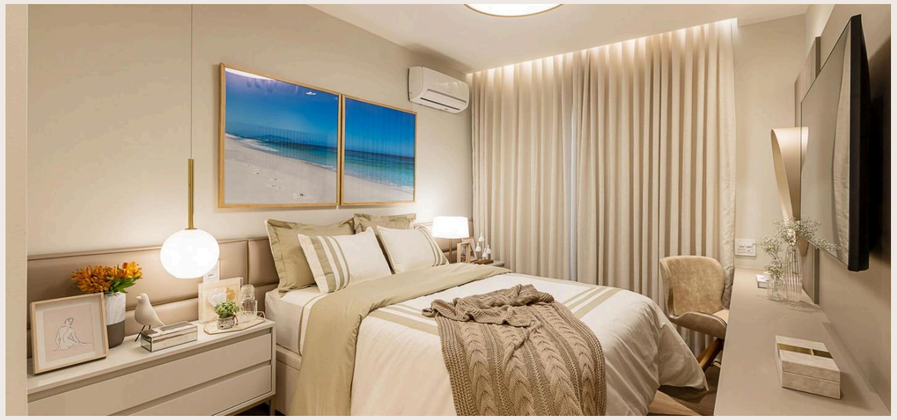

The details that make a room feel finished, chosen with the whole interior in mind.

88 Bedroom with a black slatted partition holding a TV, sheer curtains and a wood floor

89 Wood-paneled wall, upholstered headboard and a sculptural light

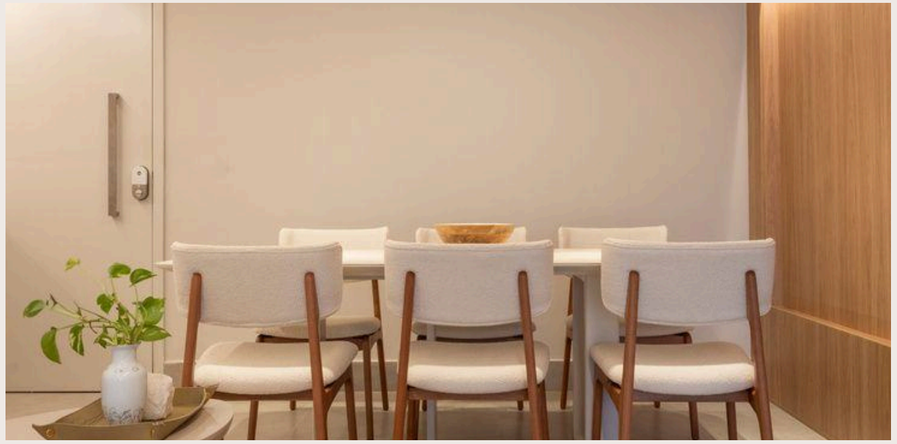

90 Soft neutrals, a floating nightstand and a globe pendant

Nothing feels accidental.

91 Bright living room with a green sofa, sheer curtains and a floating media unit

92 Wood-paneled dining room with white upholstered chairs

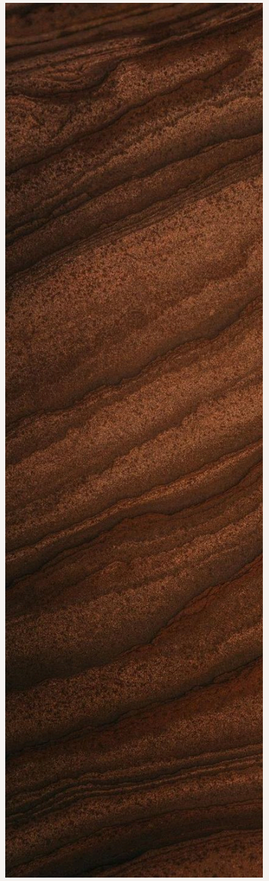

93 Light wood niche with a lit floating ledge

MATERIALS

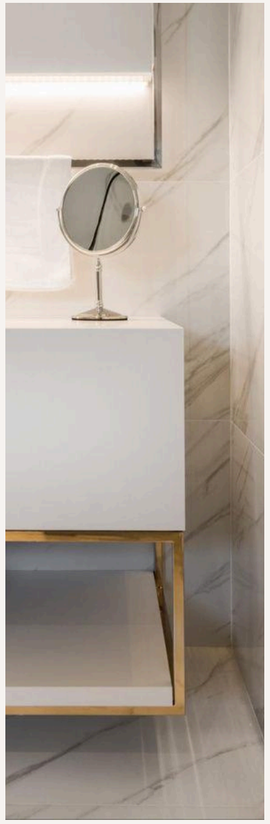

Materials selected for how they look, feel and age.

Satin and brushed over mirror-polished. Honest texture over effect. Each surface is chosen for how it will live in the room.

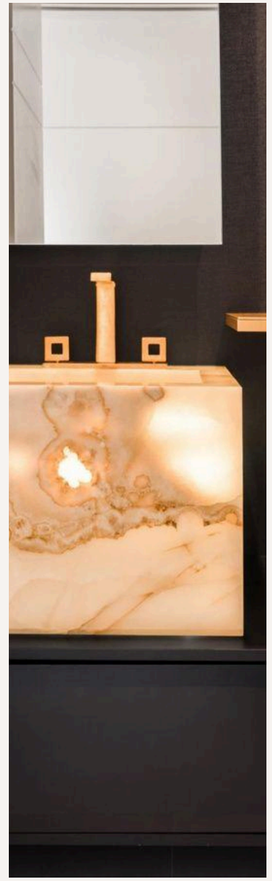

Wood

warm / natural / dimensional

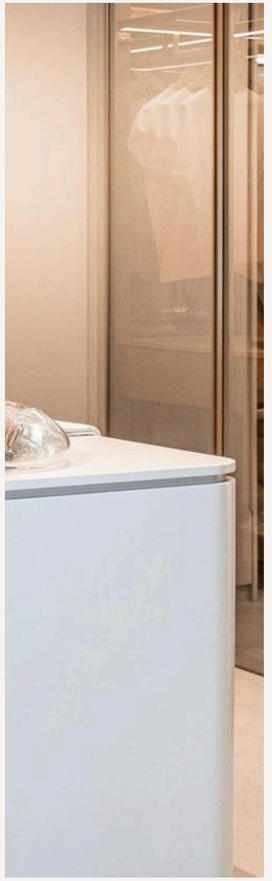

Stone

quiet veining / matte / substantial

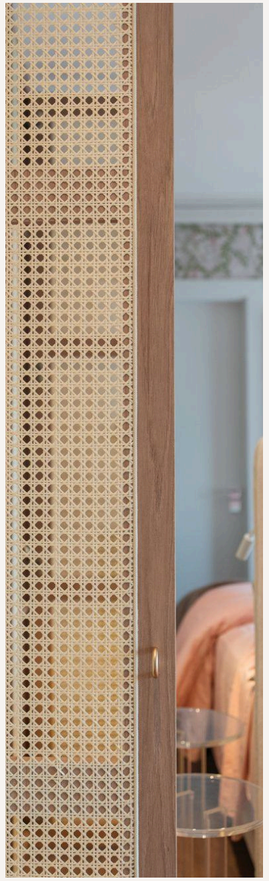

Bronze

brushed / aged / satin

Glass

smoked / clear / low-reflective

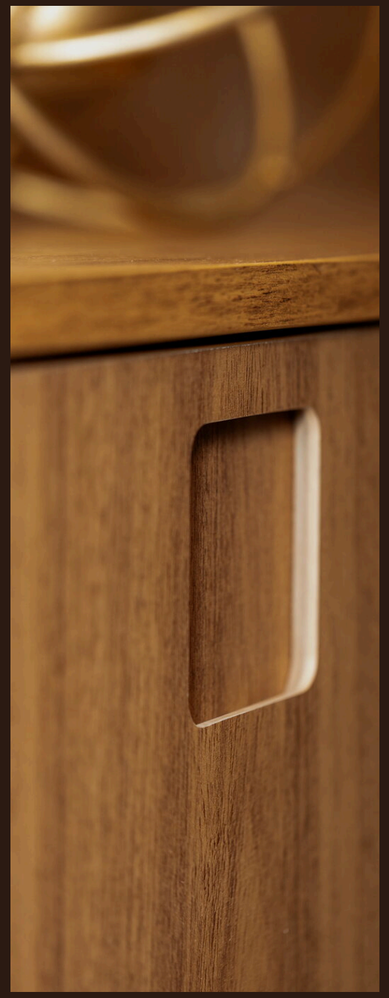

Textile

soft / neutral / structured

CRAFTSMANSHIP

The finish is *in the details.*

Every piece is cut with industrial precision, and edge banding is applied before assembly for a clean, finished look.

Recessed pull routed into the wood itself

Drawers with wood-grain interiors

Concealed soft-close runners

Curved corners with continuous edging

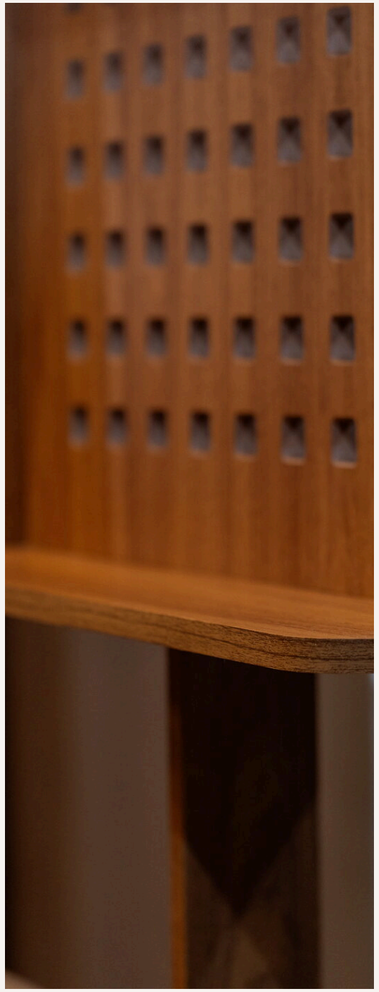

CRAFTSMANSHIP

Premium hardware, *quietly at work.*

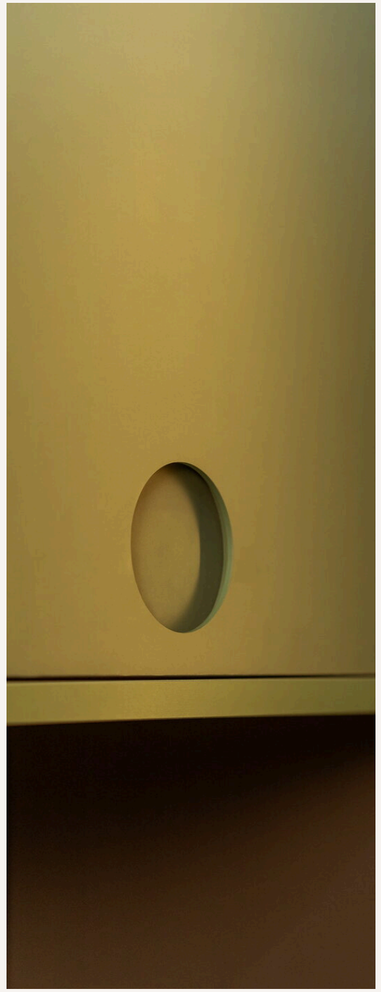

Hinges, runners and opening systems from brands like Blum, for smooth motion.

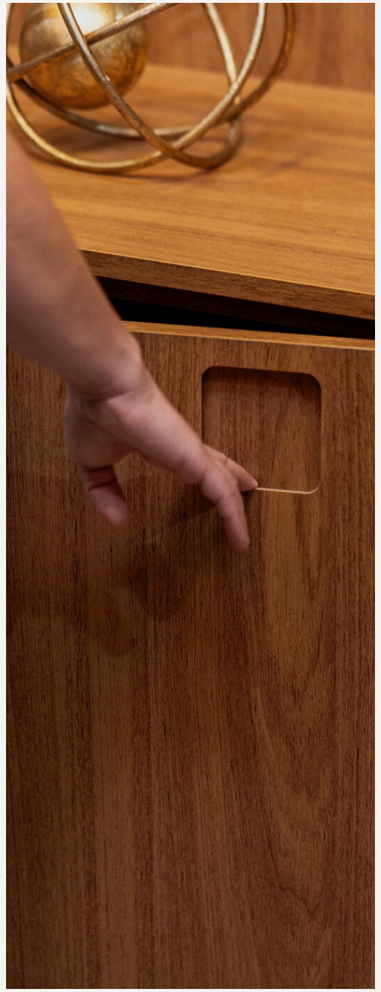

Cane panel framed in wood

Custom perforated panel

Inset round pull

Handle-free opening

QUALITY

Built to last. Ready for everyday life.

CARB Phase 2

TFL and MDF compliant with CARB Phase 2, one of the strictest emission standards in the US.

Splash resistant

Fused laminate holds up to everyday splashes.

Scratch resistant

TFL surfaces that keep up with kids, pets and busy routines.

5-year extended warranty*

Covers installation and TFL and MDF panels.

*Ask your designer to see the written warranty.

THE NOVELLI EXPERIENCE

Seven steps.
One considered process.

01	02	03	04	05	06	07
Discover	**Define**	**Design**	**Refine**	**Produce**	**Install**	**Complete**
Context before solutions	Scope, priorities, constraints	Proportion, function, material	Few, meaningful revisions	Documented, controlled, checked	Clean coordination, protected work	Punch list, handoff, follow-through

We keep the complexity inside the process.
